## **MARCH QUARTERLY REPORT**

---

Lucapa Diamond Company Limited (ASX: LOM) (“Lucapa” or “the Company”) wishes to correct an error picked up internally in the Company’s March 2018 Quarterly Activities Report (“Quarterly”) released to the ASX on 16 April 2018.

The Quarterly incorrectly referred to a Quarter-end diamond inventory of 3,047 carats held by Lulo alluvial mining company *Sociedade Mineira Do Lulo* (Lucapa 40% and operator). This figure should have been 975 carats.

For and on behalf of the Lucapa Board.
