

FURTHER A\$3.9 MILLION FROM LULO DIAMOND SALES

- Latest sale brings to US\$35.1 million (A\$50.2 million) 2019 sales of Lulo diamonds to date
 - 46 carat pink diamond being assessed for polishing in Antwerp
-

Lucapa Diamond Company Limited (ASX: **LOM**) (“Lucapa” or “the Company”) and its partners Empresa Nacional de Diamantes E.P. (“Endiama”) and Rosas & Petalas are pleased to announce the results from the latest sale of diamonds from the Lulo alluvial mine in Angola.

Further to the ASX announcement of 10 October 2019, another run of mine parcel of 1,736 carats of Lulo diamonds has sold for gross proceeds of US\$2.6 million (A\$3.9 million), representing an average price per carat of US\$1,530 (A\$2,265).

This took total 2019 sales of Lulo diamonds to date to US\$35.1 million (A\$50.2 million) at an average price per carat of US\$2,090 (A\$2,991).

The latest sale is in line with Lucapa’s strategy to expand production and grow revenue generation at Lulo.

A 46 carat Lulo pink diamond has, as previously advised, been exported by SML to Antwerp and is undergoing studies for polishing (Figure 1). A decision on the optimal polished solutions will be taken by the Lulo partners once the studies are concluded.

For and behalf of the Lucapa Board.

STEPHEN WETHERALL
MANAGING DIRECTOR

ABOUT LUCAPA

Lucapa is a growing diamond company with high-value mines in Angola (Lulo) and Lesotho (Mothae). Lucapa's vision is to become a leading global producer of large and premium-quality diamonds from alluvial and kimberlite sources.

Lulo and Mothae produce large and high-value diamonds, with >75% of revenues from both mines generated from the recovery of +4.8 carat stones.

Lulo has produced 13 +100 carat diamonds to date and is one of the highest average US\$ per carat alluvial diamond producers in the world. Lucapa and its Lulo partners continue to advance their search for the primary kimberlite sources of these exceptional alluvial gems through a systematic exploration program.

The new 1.1 Mtpa Mothae kimberlite mine in diamond-rich Lesotho commenced commercial diamond mining operations in January 2019 and has already recovered seven +50 carat diamonds under Lucapa's ownership.

Lucapa's Board and management team have decades of diamond industry experience across the globe with companies including De Beers and Gem Diamonds.

No New Information

To the extent that announcement contains references to prior exploration results and Mineral Resource estimates, which have been cross referenced to previous market announcements made by the Company, unless explicitly stated, no new information is contained. The Company confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcements and, in the case of estimates of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed.

Forward Looking Statements

This announcement has been prepared by the Company. This document contains background information about the Company and its related entities current at the date of this announcement. This is in summary form and does not purport to be all inclusive or complete. Recipients should conduct their own investigations and perform their own analysis in order to satisfy themselves as to the accuracy and completeness of the information, statements and opinions contained in this announcement.

This announcement is for information purposes only. Neither this document nor the information contained in it constitutes an offer, invitation, solicitation or recommendation in relation to the purchase or sale of shares in any jurisdiction.

This announcement may not be distributed in any jurisdiction except in accordance with the legal requirements applicable in such jurisdiction. Recipients should inform themselves of the restrictions that apply in their own jurisdiction. A failure to do so may result in a violation of securities laws in such jurisdiction.
